

# DESIGN VIZ PRO

DURATION - 168 Hrs

Being able to visualize is the most important asset one can have while being part of the architectural design process. From exploring form to validating efficiency, from planning to execution to marketing a build, DESIGN VIZ PRO will take you through the entire gamut of design visualization with the best toolsets in the industry, essential to make a mark for yourself.

## COURSE CONTENT

- Photoshop for Texturing
- Overview of Architecture
- 3D Design Visualization
- Real-World Lighting Simulation
- Video Editing
- BIM (Building Information Modeling)
- Introduction to Revit™
- Interactive Walkthrough using Unity™

## SOFTWARES COVERED

- Adobe Photoshop™
- Autodesk AutoCAD™
- Autodesk 3ds Max Design™
- Mental Ray™
- V-Ray™
- Autodesk Revit™
- Unity™
